# Aqua Baskets

## Aqua Baskets

These baskets could be used for ponds, but were intended to go with our hooks that fit in the patio bowls. Our floating islands are compatible only with the 8" baskets. The roots that will develop through the baskets will help keep your pond clean... naturally! Each 20" kidney basket contains a listed primary plant with 5 secondary plants. The 8" square basket contains a listed primary plant with 3 secondary plants. Please note: aqua baskets may not be exactly as pictured.
